Secretary Chamberlain Says This Course Will Be Taken.

BOER AGAINST BOER.

Afrikaners Are Making Every Effort to Develop South Africa and Are Forming Agricultural Associations Everywhere.

London, July 31.—In the house of commons Thursday, during the discussion of the colonial office vote, replying to a bitter attack on the government's policy and Lord Milner's administration of South Africa by Mr. Markham, Liberal, in the course of which he charged that affairs were growing worse, Colonial Secretary Chamberlain defended at some length the administration of South Africa. He said the greatest difficulty was not the reconciliation of the Boers with the British, but the Boers with the Boers. They called attention to the fact that the Boers were making every effort to develop the country and were forming local agricultural associations of which the chairman in many cases were former leaders of the Boer forces.

Mr. Chamberlain admitted that much remained to be done, and said that if it was found the work of the pacification was prevented by irreconcilables the government would not hesitate to use its power to deport the mischief makers.

REVOLUTION ON.

One Is Declared to Exist in Eastern Part of Cuba.

Havana, July 31.—In spite of the assertion made by Senor Yero, secretary of the interior, that the killing of three men and capture of the fourth man, their leader, who attempted to cause the uprising in the vicinity of Bayonne, province of Santiago, effectually ends the only semblance of an uprising in Cuba, rumors of uprisings in eastern Cuba are fully confirmed in government reports received from the governor and other officials of Santiago province. They are to the effect that since Sunday night sixty armed and mounted men appeared outside villages in the Cauto river district proclaiming a revolution and demanding payment for former members of revolutionary army. No acts of violence have been reported, but the inhabitants of the Cauto river regions are excited. The leader of the revolutionary party is named Pupo. He is a brother of one of the bandits killed by Rural Guards on Tuesday. General Rodriguez, commander-in-chief of the Rural Guards, ordered the mobilization of all Rural Guards in eastern Cuba, and the governor of Santiago province was instructed to enlist as many volunteers as may be deemed necessary to co-operate with the mounted troops.

PICTURESQUE SCENES.

King Edward and Queen Alexandra Saw Some on Thursday.

Galway, Ireland, July 31.—King Edward and Queen Alexandra continued by motor Thursday their journey through some of the wildest and most picturesque portions of Ireland. The start was made at 9 o'clock from the little town of Leenane, on the shore of Killarney bay, where the mayor, the local rector, the parish priest and a deputation representing 20,000 inhabitants of the wild Connemara mountains presented an address. The king, in replying, said he had already inspected some of the cottage industries, and he wished to insure the inhabitants that he was equally pleased with the spirit of industrial activity and the warm, hearty welcome of the people, which he and the queen both would long remember.

The hearty tone of his majesty's speech was received with appreciation. The royal party drove off in motors through the beautiful lake and mountain country, everywhere greeted loyally by the inhabitants, many of whom journeyed leagues across the mountains to catch a glimpse of them.

Portuguese Anniversary.

Lisbon, July 31.—Friday being the anniversary of granting the Portuguese constitution and also the anniversary of the birth of the Duke of Oporto, brother of King Charles, cabinet ministers fent to the royal castle at Cintra and congratulated the members of the royal family. The United States European squadron and Portuguese ships in these waters dressed ships for the occasion and fired salutes. Owing to the observance of this holiday the luncheon which Rear Admiral Cotton was to give on board the Brooklyn to the minister of public works was postponed indefinitely.

Nobody Hurt.

Los Angeles, Cal., July 31.—According to information received at headquarters of the Santa Fe the east and westbound Overland Limited trains on that road crashed together at Mellen, a small station twelve miles east of Needles, Cal.

Four Blocks Burn.

Oklahoma City, July 31.—Fire that started Thursday was brought under control that night after destroying four blocks of business buildings, including the Citizens' bank. The loss is now estimated at \$100,000; insurance light.

SCENES OF ACTIVITY.

Preparations Being Made For Forthcoming Conclave.

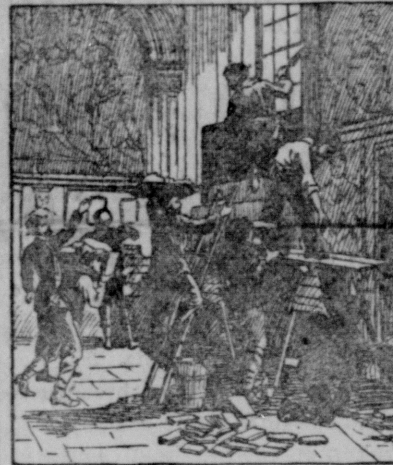

ARRANGING OF ROOMS

In the Sistine Chapel Considerable Labor Has Been Performed, Galleries Being Replaced by Stalls For Cardinals.

Rome, July 31.—The Vatican Thursday was the scene of great activity, both inside and out. Within, the last preparations were made for the conclave, and everything was in the utmost confusion. Workmen and servants were hurrying hither and thither, some hanging curtains, others putting in extra furniture, while porters were staggering along under immense trunks as if some of the cardinals expected to remain in their cells for months. Other cardinals sent practically nothing. In the Sistine chapel work progressed throughout the night. The catafalque, erected for the funeral services, is being pulled down, and the galleries, which were built for the accommodation of special personages, are being replaced by stalls for the cardinals. These will be ranged on both sides and surmounted by canopies, all in violet except that of the camerlengo, Cardinal Oreglia, which will be green, as he is the only cardinal of the congregation who was created under the reign of Pius IX.

The noise was so great that the colossal figures of Michael Angelo's "Last Judgment" seemed to show surprise at the busy scene which was transforming the beautiful chapel from a religious to an almost electoral aspect.

Cardinal Oreglia explained how the work of the conclave was to be carried

WALLING UP DOORS AND WINDOWS AT THE VATICAN.

on, recalling the principal rules which were to govern the body, and recommending their strict observance. He outlined a programme, which will consist of the mass to the Holy Ghost Saturday morning, together with the deliverance of the oration pro pontifice eligendo. The cardinals will enter the conclave at 5 o'clock in the afternoon.

THIRTEEN DAYS.

Youngson Was Grand Chief Only For That Period of Time.

Meadville, Pa., July 31.—A. B. Youngson, grand chief engineer of the Brotherhood of Locomotive Engineers, who has been ill with Bright's disease at the city hospital since June 20 last, died Thursday morning. Previous to his death he named M. H. Shay of Youngstown, O., as his successor. Chief Engineer Youngson was born in Pittsburg, March 20, 1849. His first railroad employment was with the Atlantic and Great Western railroad when he was but thirteen years of age. After twenty-four years of faithful service, Mr. Youngson was, in 1890, elected first assistant grand chief engineer of the Brotherhood of Locomotive Engineers, succeeding to the position of grand chief engineer on the death of Chief P. M. Arthur, July 17, of the present month and holding the position but thirteen days.

SOMETHING OF SHAY.

An Active Church Worker and Ardent Temperance Advocate.

Meadville, Pa., July 31.—M. H. Shay, who succeeds the late Almon B. Youngson as chief engineer of the Brotherhood of Locomotive Engineers, has been chairman of the grievance committee of the organization for twelve years, and has been in the railroad business for more than forty years. He is an ardent worker in the Trinity Methodist church of Youngstown, O., and is a staunch advocate of temperance. His record on the Erie is one of the most remarkable of any of the engineers for the small number of wrecks he has had.

FATE OF TWO MEN.

Ground to Pieces by Several Trains Near Sterrett, I. T.

Sterrett, I. T., July 31.—The bodies of two unknown men were found on the Missouri, Kansas and Texas track one mile south of here. They were ground to pieces. It is supposed they went to sleep on the track. Several trains passed over them. The remains were interred at Sterrett.

Costly Mistake.

Austin, July 31.—By a mistake in its bid to the state for granulated sugar the Waples-Platter Grocery company of Fort Worth will likely lose several thousand dollars. That firm quoted sugar for state institutions at 41-5 cents per pound and found that grade was selling at 53-55-100 cents. Purchasing agent was so advised, but he says the award must stand. Firm is under \$3500 bond.

Caused Delight.

Birmingham, Ala., July 31.—The news that Judge Gray had accepted the position of fifth member of the board of arbitration caused great delight throughout the city and vicinity. The glad tidings, which were conveyed to the citizens of Bessemer, Pratt City and Ensley, were received in a like manner. Fourteen thousand men, who have been idle, will return to work, pending a settlement of the wage controversy.

BRYAN, TEXAS, AUG., 1 1903.

Jennings, La., now has a Ladies' Oil company with petticoated president and directors.

Cuba has lapsed into old habits. The government is calling for troops to suppress an insurrection.

The railroad commission holds in effect that it is without jurisdiction to compel railroads to establish stations.

A Waco colored woman has a record of five babies in ten and a half months. Truly, what a refutation of race suicide.

Texas is developing. Indiana capitalists are to put 10,000 acres in rice in Matagorda county, and a Chicago company has formed to engage in the oyster business on the Texas coast.

With fine agricultural exhibits, merchants' displays, fancy work, a nice list of amusements, a big shoot, good races, stock show, etc., the Central Texas fair three weeks hence is going to be a hummer and interesting for everybody.

An exchange notes that "the average American woman's foot, without losing any of its exquisite proportions, has increased about a size and a half in the course of two generations owing to her growing athletic tastes." And then French numbers cover a multitude of feet.

WRITTEN AT MY MOTHER'S GRAVE.

BY GEORGE D. PRENTICE.

The trembling dewdrops fall Upon the shutting flowers; like souls at rest, The stars shine gloriously; and all, Save me, are best.

Mother, I love thy grave! The violet, with its blossoms blue and mild, Wave o'er thy head; when will it wave Above thy child?

'Tis a sweet flower, yet must Its bright leaves to the morning tempest bow? Dear mother, 'tis thine emblem; dust Is on thy brow.

And I could love to die: To leave, untasted, life's dark, bitter streams; By thee, as erst in childhood, lie, And share thy dreams.

And I must linger here, To stain the plumage of my sinless years, And mourn the hopes to childhood dear, With bitter tears.

Aye, I must linger here, A lonely branch upon a withered tree, Whose last frail leaf, untimely sere, Went down with thee.

Off from life's withered bower, In still communion with the past I turn And muse on thee, the only flower In memory's urn.

And when the evening pale Bows, like a mourner, on the dim, blue wave, I stray to hear the night winds wail Around thy grave.

Where is thy spirit flown? I gaze above—thy look is imaged there; I listen, and thy gentle tone Is on the air.

O come, while here I press My brow upon thy grave; and in those mild And thrilling tones of tenderness, Bless, bless thy child.

Yes, bless your weeping child: And o'er thine urn, religion's holiest shrine, O give his spirit, undefiled, To blend with thine.

The Brown bull clique completely cornered the July cotton market and bid 15 cents per pound at the ringside in New Orleans with not a bale offered Thursday. To accomplish this they bought and paid for between 250,000 and 300,000 bales of cotton at a cost of \$20,000,000. Cotton was shipped from Southern and Eastern mills and from foreign lands to New Orleans in an effort to beat the market, but the Brown bulls gobbled it all up and called for more, scoring the greatest cotton corner in the world's history.

A Message From the Far West.

El Paso, Texas, July 28, 1903.

Hello Eagle: I am receiving my paper all o. k., and it has been welcome company for three weeks. I had the misfortune to get my leg broken on the 3rd inst., and have not been out of bed until today. My horse fell on a cement walk. I would lie and wait for the Eagle until it would come. It was like getting a letter from home.

This is a fine country out here. They pay good wages and charge high for everything. Tell the boys that I will be out on crutches Sunday, and am liable to turn up in Bryan any time soon if I can get a lay off. Hill Wilson.

The farmers of Texas are paying more attention every year to the growing of nuts, says the Sherman Democrat. Of course, this means the pecan principally. Orchards of pecans are being set out and cultivated just as peach and apple orchards are now. Cultivation of the pecan will increase the size and prolific bearing of the trees. There are few better paying crops than the pecan nuts, and they are salable at paying prices at all times.

DEATH OF MRS. M. S. EDGE.

Mr. J. L. Edge received by wire yesterday the sad intelligence of the death of Mrs. M. S. Edge. The telegram reads as follows:

Obion, Tenn., July 31—J. L. Edge, Bryan, Texas: Rebecca died at 11 last night. Will get home at 4 p. m. tomorrow. Funeral at 10 a. m. Sunday. M. S. Edge.

This intelligence is unexpected and shocking to Mrs. Edge's relatives friends here. She and husband went to Tennessee to visit relatives, and she was in good health. Death came unheralded, however, or with but short premonition at least, and leaves her husband and other loved ones plunged in grief. Further notice will be given later.

Busy Meeting Last Night—Many Members of Moment—New Members.

The business league held a most important meeting last night, with President W. E. Saunders in the chair. The attendance was flattering and the interest strong.

President Saunders reported upon the receipt of the letter from Mr. Trice regarding the I. & G. N. freight terminal for Bryan. It is estimated this will bring about twenty-seven families to Bryan.

Report was made on the Brazos county exhibit at the Farmers' Congress, and a rising vote of thanks was tendered to Mr. Walter Wipprecht and the many farmers of the county who contributed to the exhibit and assisted in getting it up.

Favorable reports were made on the successful work of the Brazos County Farmers' Institute, the sanitary work recently done in Bryan through the influence of the ladies and the progress of raising funds for the Madisonville road improvement, all but \$194 of the \$1000 required having been secured.

A resolution was unanimously adopted inviting Mr. Will A. Hassell to move back to Bryan and let the office of grand recorder of the A. O. U. W. remain in this city. Messrs. W. P. Connelly, Tyler Haswell and M. H. James were appointed a committee to wait upon Mr. Hassell.

Secretary Law reported a revival of interest in the business league, stating that he had secured forty-eight new members the past two days and the total membership is now 109, with prospects of its being increased to 150.

A favorable report was made on the progress of arrangements for the Central Texas fair and the prospects for splendid exhibits in all lines, including displays by the local merchants.

Robert Astin was appointed a committee to investigate the cost of establishing a telephone line to Mumford.

Judge A. G. Board stated to the league that a proposition will come before the commissioners court at its next session, ten days from now, looking to the leasing of the corporation bridge across the Brazos river, for the term of one year, so that for that length of time its use might be had free of toll charges to the public.

Mr. Board suggested that as it was a matter of considerable interest to the gentlemen of the league, and invited an expression from the league upon the advisability of the move. He also suggested action by the league looking to support of the movement by petitioning the court in its favor, if the members approved the plan.

The proposal met with hearty approval, and a motion prevailed that a committee be appointed to circulate a petition asking the commissioners court to make a contract with the owners of the bridge as outlined; also a contract for the operation for a period of a free ferry across the Brazos at Batte's ferry, opposite Wellborn.

The chair appointed J. E. Butler to draft a petition, and will announce the presenting committee later. The fact was brought out that the stockholders of bridge company will make a contract favorable to the county, at a sacrifice of a portion of their revenue, in consideration of the measure of general good hoped to be accomplished.

Adjourned.

Speaking of peaches and what fine ones can be raised in Brazos county. Mr. J. J. Vandiver of the Steep Hollow community has the thanks of the Eagle for some exceptionally large and luscious ones brought to the Eagle the past week. He appears to have a very fine orchard, and has been marketing peaches at good prices.

Mrs. A. P. Anderson and Mrs. Lamar Bethea leave today for Colorado points to spend a term traveling and sightseeing in the mountains. These ladies enjoy the distinction of having been selected by popular vote to go to the famous summer resorts of the Rockies, and we hope our readers may hear from them from time to time.

Reports from Waco yesterday afternoon stated that there was no apprehension of an overflow on the Brazos there. The river was up 8 or 9 feet and rising slowly. A 9 or 10 foot rise was reported on the river opposite Bryan yesterday afternoon.

A colored anti-prohibition club was organized at the courthouse last night with R. B. Goosby, chairman and F. D. Vaughn secretary.

Dr. O. W. Williams of Hollis was here yesterday en route home from Houston.

It Is of Solemn a Character as CSn Be Imagined,

PICTURES OF COLOR.

Mgr. Sardi Read a Latin Oration, "Propellegendo Pontifico Maximo," Exhorting Cardinals to Choose Wisely.

Rome, July 31.—The ceremony of the entrance of the cardinals in conclave, which is always given as solemn a character as possible, was inaugurated Friday morning with the celebration of the mass of the Holy Ghost in the Paulin chapel of the Vatican. Before 1870 this mass was celebrated in the chapel choir at St. Peter's. The sacred college, numbering sixty-two cardinals, and the diplomatic corps, Roman aristocracy, Knights of Malta and a few outsiders were especially invited to be present, with a profusion of guards, who have taken off the mourning emblems they have been wearing for Pope Leo XIII. As is always the case at such ceremonies, there is so much color in the picture that one felt as though he was witnessing an exhibition of a series of living pictures until awakened to the grand reality of the religious ceremony by the singing of the Sistine choir. Cardinal Serafini Vannutelli officiated. After Veni Sancti Spiritus had been intoned Mgr. Sardi from the pulpit (which was draped in red and stood in the choir), having before him the pontifical cross read a Latin oration, "Propellegendo Pontifico Maximo," exhorting the cardinals to make a wise choice in the task before them so that the one elected to the supreme dignity shall be worthy to be the vicar of Christ on earth. Printed copies of the oration were handed all cardinals present. After mass of the Holy Ghost the cardinals assembled, as usual, in the hall of the consistory, where, contrary to usage, the rules of the conclave were read and each cardinal took an oath to obey them. This ceremony generally occurs in the Sistine chapel in the evening just before the shutting up of the cardinals for the conclave. After this ceremony the cardinals hurried away from the Vatican, to return later with more or less numerous articles which they deem necessary for their attendance at the conclave. Some of them have made preparations as though for a long absence, while others were content to prepare for a few days' sojourn at the Vatican. The discomfort which the cardinals will experience in being shut up in the Vatican is somewhat lessened by the exceptional weather, which is cloudy, cool and windy, the thermometer reaching only 75 in the shade, while generally at this season the mercury reaches high as 100 in the shade at noon.

TESTIMONY.

Parties Testify to Seeing Jett Enter Side Door of Courthouse.

Cynthiana, Ky., July 31.—Commonwealth's Attorney Byrd surprised all Friday again by the introduction of new witnesses, who are making it much stronger against Curtis Jett and Thomas White than was made in the trial at Jackson last month. Half a dozen have testified to seeing Jett enter a side door of the Jackson courthouse just before Marcum was shot and emerge after the shooting. At the Jackson trial Jett claimed he was talking with Barbey Schiff when Marcum was shot. Schiff could not be found during the Jackson trial. Here he testified that he was not with Jett when Marcum was shot. New witnesses corroborate Captain Ewen as to the movements of Jett and White when Marcum was killed in the Jackson courthouse.

The defense recalled Dillard Hadden for the purpose of further cross examination.

Commonwealth's Attorney Byrd examined A. L. Hargis, clerk of the Breathitt circuit court, as to Marcum being called to the courthouse on the fatal day, and F. H. H. Gibson, civil engineer, as to plats he made of scenes of Marcum.

F. A. Bradley, foreman in the Breathitt News office, located over the Jackson postoffice, opposite the side door of the courthouse, testified that he saw Jett come to the side door of the courthouse immediately after the shooting.

STRANGE FATALITY.

Peculiar Manner in Which a Young Lady Met Her Death.

New York, July 31.—Miss Birdie Aarons has met death in a peculiar manner in Lexington avenue near her home. She had called on a girl friend and the two were standing on the stoop of a Lexington avenue house when a portion of the brownstone coping above them fell and struck Miss Aarons to the ground. Her skull was crushed and she died immediately. Investigation showed that a bolt of lightning had struck the stoop in the heavy storm which had just passed. The shock had fractured the heavy stone and left it hanging by only a small and unbroken part.

The lightning was extremely severe over the entire city and many strange accidents were reported. In Jersey City a bicycle ridden by a policeman was twisted into a shapeless mass. The rider was unhurt by the bolt and sustained only a few scratches from falling from the wrecked machine.
